

YOU ARE INVITED TO PARTICIPATE IN THE RADLITE™ SYMPOSIUM.

The **RadLITE™ Symposium** enables cardiac surgeons and physician assistants to participate in highly advanced training on minimally invasive radial artery harvesting.

This educational program is conducted by cardiac surgeons and PAs with extensive experience in **RadLITE™** and **SaphLITE®** minimally invasive conduit harvest techniques. The **RadLITE™ Symposium** provides a platform for educational and technical advancement in the innovative area of minimally invasive radial artery harvest and serves as the ideal forum for first hand observation, lectures and one-on-one discussion.

RADLITE™ SYMPOSIUM

Conducted at Genesys Medical Center in Grand Blanc, Michigan, the **RadLITE™ Symposium** is intended to provide the participant with a practical, working understanding of the surgical techniques and technologies of minimally invasive radial artery harvest.

The agenda for the symposium is as follows:

Thursday

- 7:30 pm - Welcoming dinner and reception

Friday

- 7:00 am - Welcome Address/Continental Breakfast

Followed immediately by:

- Lecture
- Review of radial artery harvest technique
- Review of literature
- OR observation of a radial artery harvest procedure

- 11:30 am - Lunch/Round table discussion

- 2:00 pm - Departure

Teleflex Medical will assume all airfare and accommodation expenses.

Registration is simple. To register for the **RadLITE™ Symposium** or for more information about our program, please contact your Teleflex Medical sales representative at 800-367-7874.
