

THE TELEFLEX  
ACADEMY

# Non-Invasive Ventilation (NIV) 1 Day Workshop

Novotel | Brisbane QLD  
19 April 2018

**Teleflex**

This workshop explores clinical scenarios to develop skills & strategies to enhance clinical practice in NIV

## Learning Objectives

- Describe the key principles and physiological effects of NIV therapy
- Apply key principles to determine indications and applications of NIV
- Set-up a device and initiate NIV therapy
- Tailor the type and fit of interface to patient requirements
- Apply a systematic approach to ABG analysis and interpretation
- Titrate NIV therapy in response to changes in patient condition
- Recognise & respond to the deteriorating NIV patient

## Facilitator

### Claire Constantine

RN, BN, Grad Dip ICU  
Clinical Educator

Claire has many years' experience working in ICU. She is passionate about education that emphasises best practice guidelines and empowers the healthcare clinician to make evidence based decisions to improve patient outcomes.
