

THE TELEFLEX
ACADEMY

Non-Invasive Ventilation (NIV) 1 Day Workshop

The Shellharbour Club | Shellharbour NSW
2 August 2018

Teleflex

This workshop explores clinical scenarios to develop skills & strategies to enhance clinical practice in NIV

Learning Objectives

- Describe the key principles and physiological effects of NIV therapy
- Apply key principles to determine indications and applications of NIV
- Set-up a device and initiate NIV therapy
- Tailor the type and fit of interface to patient requirements
- Apply a systematic approach to ABG analysis and interpretation
- Titrate NIV therapy in response to changes in patient condition
- Recognise & respond to the deteriorating NIV patient

Facilitator

Claire Constantine

RN, BN, Grad Dip ICU
Clinical Educator

Claire has many years' experience working in ICU. She is passionate about education that emphasises best practice guidelines and empowers the healthcare clinician to make evidence based decisions to improve patient outcomes.
